

Amendments to the Specification

Please replace the paragraph appearing at page 5, lines 4-6 with the following amended paragraph:

-- Figures 11A and 11B illustrate ~~a~~ an eighth embodiment of a vehicle wheel weight constructed in accordance with the present invention; --

Please replace the paragraph appearing at page 11, line 25 through page page 12, line 4 with the following amended paragraph:

-- In this embodiment, the adhesive is provided in the form of a two-sided tape ~~140~~ 130 attached to the bottom of string 122. Preferably, tape ~~140~~ 130 will include a conformable carrier of foam or the like having adhesive on each side. A release liner 132 is located on the back side of tape 130 so as to cover the adhesive until use. As illustrated in Figure 12D, the release liner may actually be formed as two pieces of tape 132A and 132B configured to provide pull tabs for easy removal. In this case, liner portion 132a is folded back on itself as shown in Figure 12D. --
